

April 23 Meeting with SAC Recap

Thanks to all who attended last Wednesday's meeting with the Savannah Airport Commission regarding future GA opportunities at SAV. We had a solid turnout with over 30 attendees, and there was some great discussion. If you attended but didn't find our attendance sign in sheet, please [send us an email](#) so that we can keep a record for the future.

Savannah Airport Commission Executive Director Greg Kelly gave a 1hr update on the ongoing projects at SAV as well as future opportunities for GA development, and also discussed some of the cost factors and challenges that will face such a development. Director of Properties and Facilities Shawn Schroeder & Assistant Executive Director Lenard Robinson also supported the meeting from SAC. Full slide deck is available [here](#).

less as they have been planned over the past 5 years. The airport generates a large amount of economic impact for our area. We as SAAA do not want to hamper any of that activity, but we also need to continue to work with the commission and other local leaders to find solutions to enable the General Aviation community to remain able to access aviation as these developments continue.

Executive Director Kelly also praised SAAA for continuing to support General Aviation, but emphasized that it can't happen without strong involvement from you & the rest of the aviation community. If you haven't already become a full member at SAVPilots.org, please consider doing so and share this information with other area pilots and aircraft owners.

Watch for more updates on how to get involved and help bring about better long-term stability for General Aviation in the coming weeks.

Save the Date: Upcoming Runway Safety Meeting with ATC May 13

Tuesday, May 13 at 10AM, FAA Management invites aviation stakeholders to attend the Runway Safety Action Team (RSAT) Meeting. For those who may be unfamiliar, the RSAT meeting provides a valuable annual opportunity for all aviation stakeholders at SAV to collaborate on enhancing runway safety at Savannah/Hilton Head International Airport. Your Participation and input are greatly appreciated.

This is a great opportunity to represent the General Aviation community and learn more about what helps keep our airport operating safely and efficiently. Full invitation is attached [here](#).

Date: Tuesday, May 13, 2025

Time: 10 am – 12pm

Location: Crosswinds Golf Club
232 James B Blackburn Drive
Savannah, GA 31408

RSVP to:

Crystallynn Rawle
